To Whom It May Concern:

It is my pleasure to write this letter of recommendation on behalf of Ruby Boggus, an outstanding member of Ennis High School's Class of 2028. I taught Ruby during her 7th and 10th grade years. During this time, I have come to know her as a driven, mature, and self-sufficient young woman who regularly demonstrates high motivation and a strong work ethic. Ruby is a fantastic student who maintains strong grades while juggling a busy extracurricular schedule as well. Moreover, she is a role model for the younger children in our district. In a cohort of impressive and intelligent students, Ruby is a standout who takes her future seriously.

Ruby has always been a strong student. In my English class, I am regularly impressed with her unwavering dedication to her schoolwork. Her work is always on time and high quality. Above all, I am impressed with her receptiveness to feedback, and her willingness and ability to apply constructive feedback to her work in order to improve as a writer. She is a great listener, and given this receptive approach she takes in her academic and athletic endeavors, I am confident she will only continue to improve as both a student and athlete. In other words, she is incredibly coachable.

I have also noticed Ruby's maturity and responsibility in my classes. Even in 7th grade, Ruby was capable of handling her schedule and tasks independently without relying on others to guide her or keep her on track. She has always been able to handle herself, and she has successfully maintained straight A's while juggling a busy extracurricular schedule that includes club sports and keeps her busy in activities year-round.

I have thoroughly enjoyed getting to know Ruby over the years; she has provided many positive contributions to the culture of our school that will be missed when she graduates. I strongly recommend that you consider Ruby's application. She has a bright future that any higher education institution and scholarship committee should be excited to be part of. I have very high expectations for Ruby, and I know she does as well. Please do not hesitate to contact me if you would like any further discussion or perspective on this impressive student.

Sincerely,

Emma Steffen
